THE RAM 1968

Paulette,

You're a very sweet pal. and really a lot of fun to be around. You are also a part of our great Senior class of "69". If you stay as you are ~~and~~ you'll find happiness with all the guys and every thing else.

Lots of luck

"69"ers are going to State

Love Ya.
Kathy

P.S. Paulette,
It has been a true pleasure knowing you & both of your parents. You & Barb really have made Junior & Senior year at school. Good luck in your future endeavors & in the future of Delta Zeta.

Love,
Cindy '69.

Paulette - Some of the nicest memories of the Intermediate days (take just a little more of your time) are those we've had during our pledging & active days in Delta Zeta. Hope you have a very successful year as Pledge Trainer & in all your future endeavors.

Love,
Cindy '69.

We'd Like You

Ulla Rassmussen

I am Ulla Rasmussen from Denmark. This year I am a senior at Southeast Polk. I came here as an exchange student through "The Youth for Understanding" program.

At home in Denmark I live in a small town called Mariager or "the town of roses." There are only 1500 inhabitants so it is a wonderful difference to live so close to a city as large as Des Moines.

In my family at home, there are only my mother, who is supervisor at a dress factory, and my dog Plys.

Here, I am living with Mrs. Maurine Harris and her three children—Craig, Linda, and Vicki. Craig is going to college in Ames. Linda is also a senior at S.E.P., and Vicki is a sophomore. I have had a really great time with my American sisters. My family has been much greater to me than I could imagine they would be. In the beginning they helped me to become acquainted with all the new people and things, and were so nice all the time, that I could not have thought of getting homesick.

Being a part of the class of "68" and Southeast Polk, I have really enjoyed every day in this school year. And everybody, both the students and the teachers have all been very great to me. I give a big HURRAH to S.E.P., the students, and all the teachers. They together made this year the climax in my teen years.

Thanks everybody!

Ulla

to Meet . . .

Tarja Rekula

I am Tarja Rekula. My home country is Finland, the land of virgin forests and thousands of lakes. There I live with my family in a small town called Lohja which is located in the southern coast, about 30 miles from our capital Helsinki.

I have been attending Lohjan Yhteislyses, our local high school, and I shall complete my education there when I return to Finland.

Our school systems are quite different in that my high school includes a form which is probably equivalent to your Junior College. Nearly all subjects are required and the total number of subjects a student carries is usually about thirteen. I take five foreign modern languages as well as mathematics, history, religion, psychology, etc. All homework is done at home in the evenings, and we must go to school one half day on Saturdays.

In the United States teenagers have more spare time for hobbies and friends, although our interests, beliefs, and hobbies are the same.

My American home is with the Charles Lawson family. There are my mom and dad, my sister Julie, who is also a Senior at S.E.P., and two brothers, Danny and Larry, who both attend Iowa State University at Ames. We have some wonderful times together, and I truly feel like one of the family. I am really glad to have had this opportunity to spend a year in the United States and I want to thank everybody who made this year unforgettable and complete.

Thanks!

Sammy

Paulette,

Is a real bright and sweet gal. It's refreshing to know someone who works hard for her grades, but yet has enough natural ability to do very well without trying. Stay sweet, and keep smiling.

The purpose of the Future Teachers of America Organization is to provide the high school student with the opportunity to explore his own abilities and interests in relation to a teaching career. Under this program of activities the high school student considers teaching as a potential career and tries to decide if he has the abilities needed for the profession.

The group has toured the Iowa State Education Association, assisted regular classroom teachers in all Southeast Polk Elementary schools, and attended the Iowa Future Teachers Association State Convention at North High.

Pep Club

The Pep Club at Southeast Polk this year represented the student body as a whole, as they cheered to victory the many great teams. The Pep Club consisted of about 75 members, most of these girls also participating in basketball, cheerleading, or Rythmettes.

We began the year by electing new leaders: President Sue Shelley; Vice-President Carol Jones; Secretary Shirley Dodds; and Treasurer Mynon Meader.

Uniforms were a major issue this year. We decided that uniforms were a necessity in achieving unity and recognition as a Pep Club. The required uniform was a black corduroy pant suit with a white blouse, and each member wearing their Pep Club pins.

Some of the activities of the Pep Club were: Fund raising bake sales, sign making, supporting the girls and boys in tournament play by wearing uniforms the day of games, and having our annual party which was held on April 19.

Members receive awards for attending three-fourths of all home varsity events, which include football, wrestling, and basketball.

This year our sponsor was Mr. Gipple, whom we would like to thank very much for the patience he had in making our Pep Club bigger and better.

Nurses

Mrs. Elton, Lynette Stuart, Connie Vos, Wanda Deaton, Nancy Biernbaum.

Our Nursing Aide Course follows the philosophy from the Nursing Service of Iowa Luthern Hospital recognizing the importance of maintaining and providing the best possible nursing care for the patients. To do this, the services of the professional nurse can be utilized to a better advantage by relieving her of duties which may be performed by a nurse's aide who has been prepared through the nursing aide program. The nursing aide program has the purpose to develop in a lay person the qualities that make a good nurse's aide and to define her the relationship and her responsibilities to the registered nurse.

The Drama Club, sponsored by Mrs. Anderson had another successful year. To begin the year officers were chosen; Fred Berneking as president, Victor Cooper as vice-president, and Liz Schultz as secretary-treasurer.

BRIGHT GIRL, a cast of 15 girls, was chosen as the fall play and presented November 3 & 4. This was a powerful play that made an important comment on the need for mutual adjustment, at the same time that it explored the particular problems of the unusually gifted young person.

THE CHRISTMAS MISER, a cast of 12, was presented at the Mitchellville Girls Training School, the First Baptist Church in Des Moines, and here at Southeast Polk the week before Christmas. This play rang with the triumphant joy of Christmas.

The last play of the year was ASK ANY GIRL, a cast of 17, presented February 22 & 23. The hilarious results of it as they (the main characters) apply "motivation research" builds to a delightful climax in which the audience discovers that in the course of "landing" Evan, Meg and Miles have fallen in love with each other. This was an uproarious comedy and was received most appreciatively.

FFA OFFICERS: Steve Dennis, Historian; Bruce Thomas, Secretary; Vic Vandehaar, Vice-President; Dan Aalbers, Reporter; Bruce Brockway, President; Dave Mengwasser, Treasurer; Joe Godwin, Sentinel.

Office Occupations

Office Occupations provides for the practical application of stenographic, clerical, and accounting skills in a functioning office. With the numerous offices which exist in Des Moines, the student has a variety of opportunities for worthwhile, practical office experience.

There are three basic programs in this area: clerical, stenographic, and accounting. Clerical jobs utilize business skills other than shorthand. Stenographic jobs require a knowledge of shorthand in addition to the basic business skills. Accounting occupations utilize accounting skills in business, banks, and offices.

To prepare for these programs all students should have taken one year of bookkeeping and typing. Those who wish to qualify for the stenographic program should successfully complete one year of shorthand.

Experiences in Office Occupations may include typewriting, dictation and transcription, filing, telephone work, dictaphone, duplicating, receptionist duties, business machines, accounting, and data processing.

Senior student trainees are graded by their employers and high school coordinator with the same letter grade system as used in other high school courses. Credit is received for the required courses Office Related, and Office Practice.

This on-the-job experience together with required senior courses will complete the students high school program and give the proper background for either entry into business or college.

Distributive Education

Distributive Education is that phase of our vocational program designed to offer instruction and training to students interested in careers in retailing, wholesaling, and service business.

Distributive Education adds to the general education curriculum and does not replace it. Senior students enrolled in this program must also take their requirements, namely government and economics. All necessary academic credits can be earned for entrance into schools of higher learning.

Students in Distributive Education spend a maximum of one-half of each school day in "laboratory" training. During the time the student is on the job, he will receive training from the store sponsor and manager for the length of the regular school term. The student's place of employment is known as a training station.

A grade is given for this phase of the program as the student is rated by the employer and graded by the coordinator. One credit is earned each semester.

In addition to the on-the-job training, each student enrolled in Distributive Education will take two subject matter courses entitled, "D. D. Problems and Marketing". Marketing offers instruction in salesmanship, advertising, display, merchandise information, individual instruction and job problems. These courses carry one credit per semester (each separate from the "on-the-job" grade). These courses are taught by the Distributive Education Coordinator.

The student belongs to the Distributive Education clubs of America, an organization composed of student trainees enrolled in Distributive Education. The club sponsors activities which help develop leadership and responsibility and provides for social and educational values. The student trainees participate in the DECA on the local and state levels.

1967

The Rams finished the 1967 Football season with a 3-3 record in the Conference and an overall 4 wins and 4 loss record. The gridiron team had its ups and downs with the high light of the season being a 27 to 13 victory over Grinnell. Grinnell was rated fourth in the state at the time.

Eight Rams made either the All Conference defense or offensive unit. Offensive Unit: End, Doug Winslow; tackle, Ron Dickey; guard, Art Jones; center, John Reimer; quarterback, Kirk Vermie; halfback, Steve Miller. Defensive Unit: Tackle, Dave Fallis; halfback, John Anderson.

The football team had several individual performances that broke school records on offense. Kirk Vermie, despite a shoulder injury which limited his play and passing, set several records passing. They include single game: most yards passing 153, most passes completed 31. Kirk holds all of the passing records for a career. Steve Miller set several records also including, single game: longest punt return 70 yards, season records: most carries 132, best punting and return records. Career records: Most touchdowns 12, most points 79, most yards rushing 1008.

After losing the first two games of the season without the service of quarterback Kirk Vermie, the Rams fought back to take the next two games. The key game of the season was played at home against Urbandale. The Rams held a 7 to 0 halftime lead,but the Bluejays scored in the last few minutes to drop the Rams hopes of repeating as conference champs. Then after upsetting Grinnell the Rams were upset by Saydel the following week. The Rams finished the season with a convincing victory over Ankeny 35 to 0. In this game the offense set a school record by gaining 515 total yards.

Wrestling 1967-68

The building of the S. E. Polk wrestling team was culminated this season by an impressive record of 12 wins and 1 loss. This last was a 3 pointer at Ames.

Wrestling was added to the Varsity sports program only four years ago and has made steady progress to reach its peak this 1967-68 season. This rise can be attributed to a very energetic and dedicated group of young men.

In addition to an impressive dual meet record, the team was also very well represented in tournament competition. The S. E. Polk Holiday Invitational Tournament was won by the Rams. Individual champions in this tournament were Junior Randy Busby at 120, Seniors John Dawson at 133 and Russ Ballard at 145. The next tournament was the Conference which the team won and also had five individual champions. Junior Vane Overturff at 127 and four seniors, John Dawson at 133, Russ Ballard at 145, Steve Miller at 154 and Art Jones at 165. The Rams also won a tough sectional tournament with four individual champions. Capt and Senior Steve Harding at 103 and three more seniors.

To the Undergraduate Athletes:

When seniors depart about the only thing they leave behind are memories, which quickly fade. However, there are permanent reminders of our year in the trophy case.

Softball–1st place in the Sectionals

Wrestling–1st place in the Holiday Invitational

Champions of Suburban Conference

John Dawson–Most Valuable, Suburban Conference

Russ Ballard–Most Falls, Suburban Conference

Basketball–Girls–Co-champions of Suburban Conference

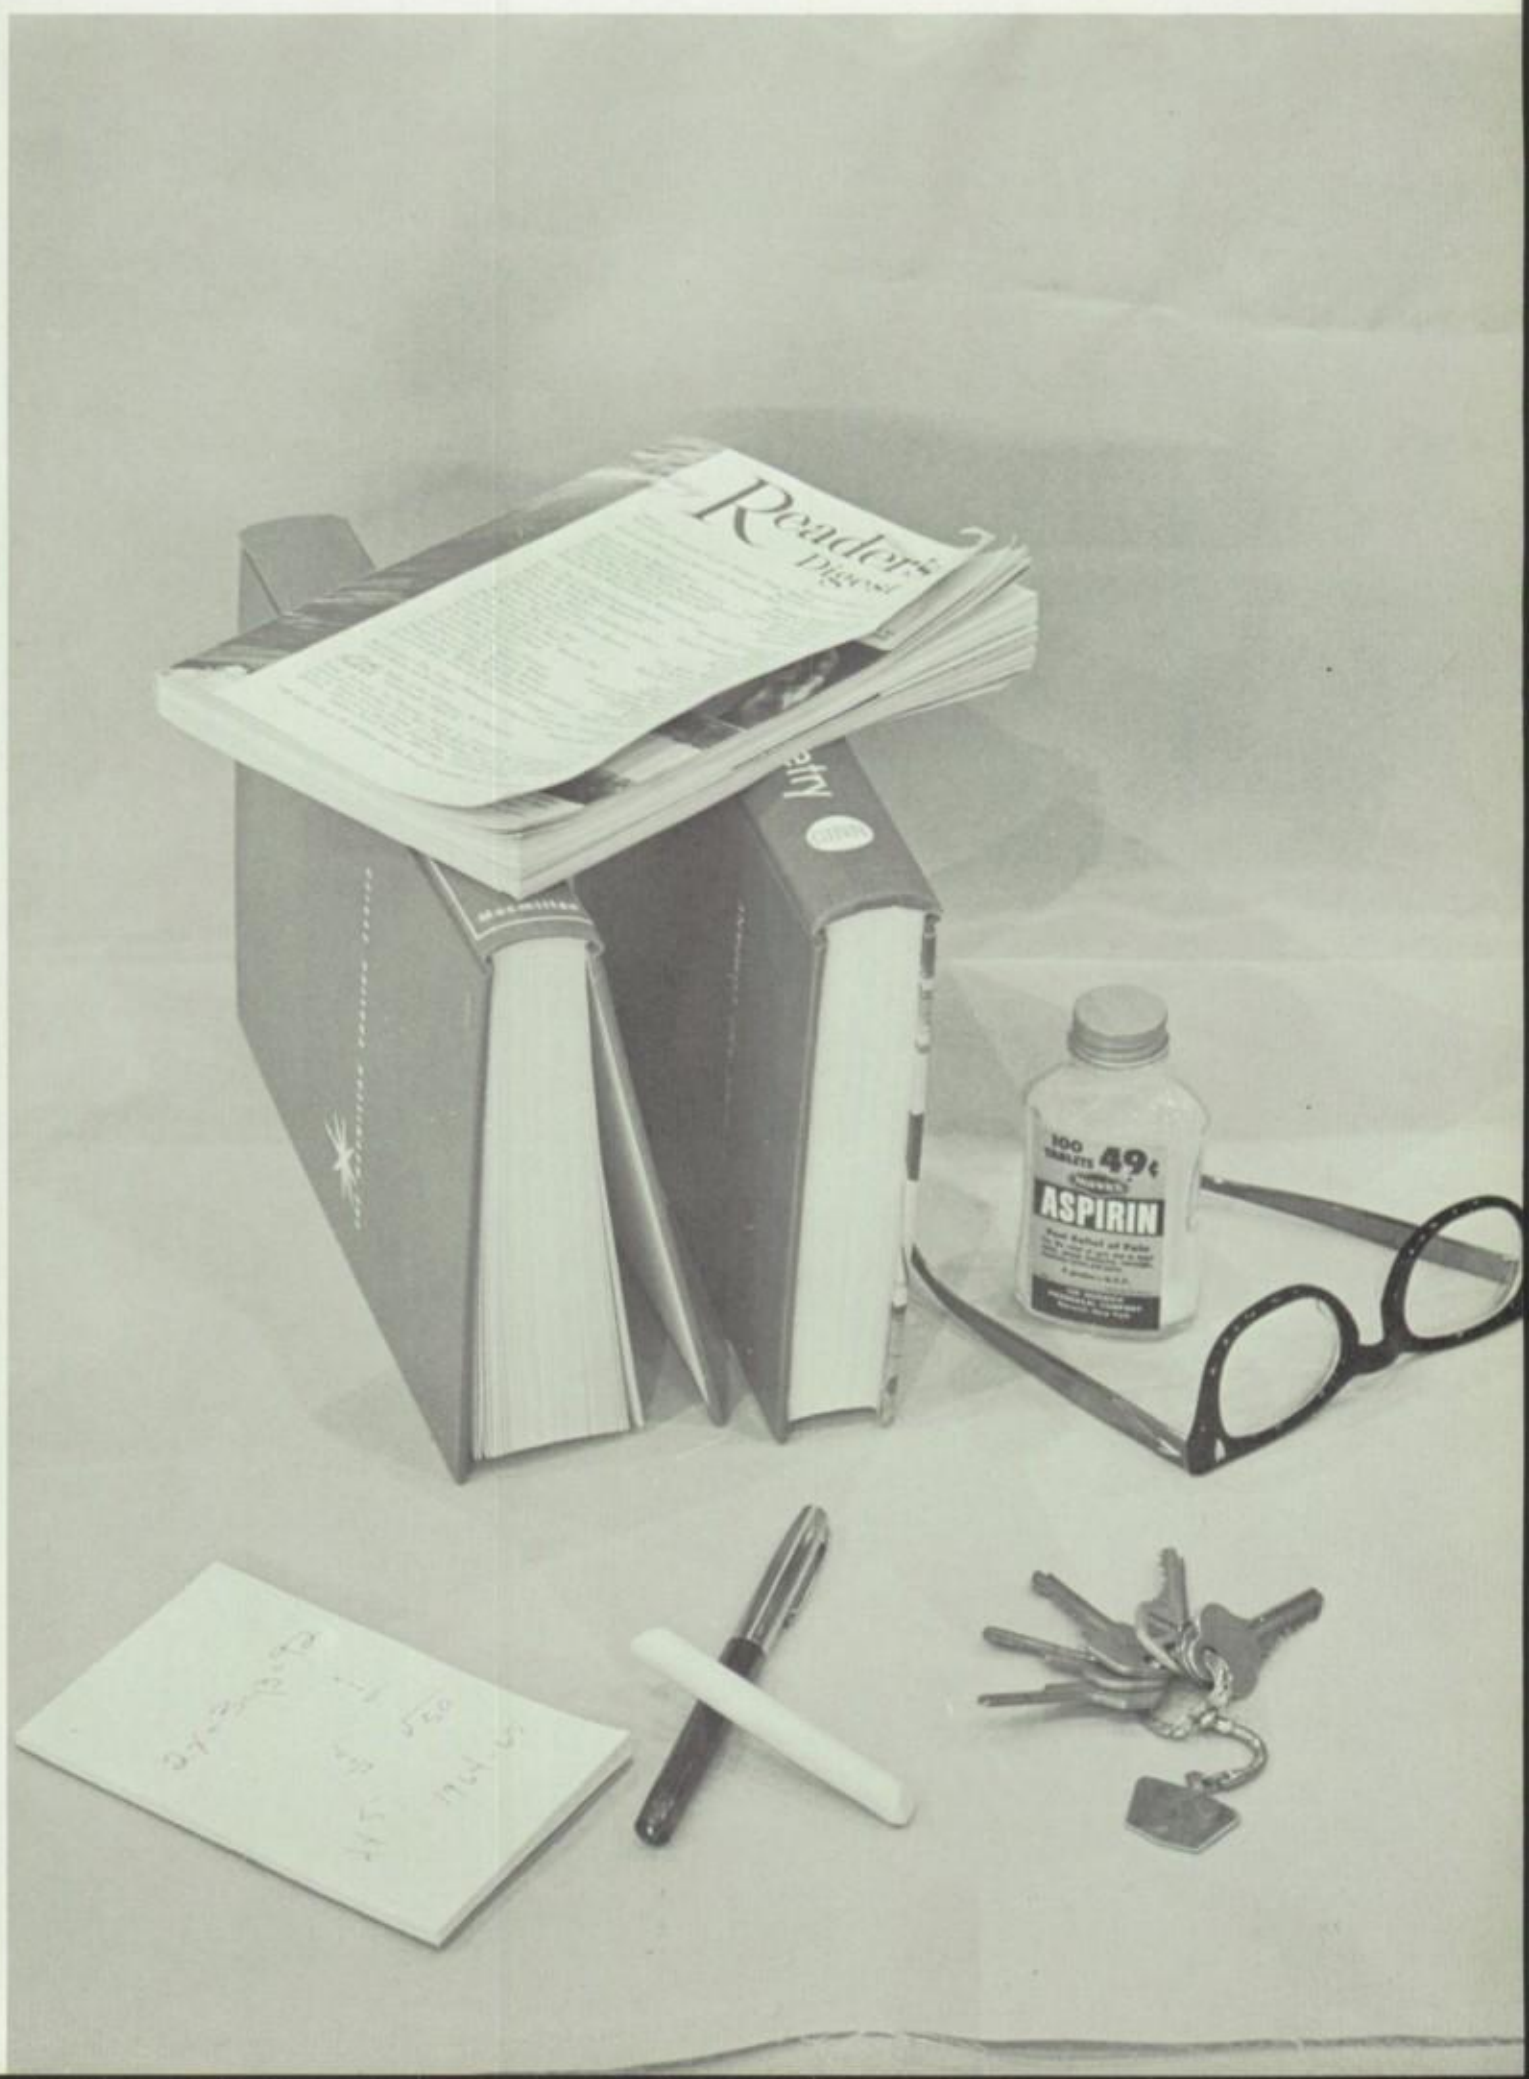
3rd place in the Sectionals

We realize that many of these trophies could not have been captured without the underclassmen's help. Yet to every senior who shared in the victory of the trophy, it has a special meaning.

The best of luck in the coming years in filling the trophy case.

Sincerely,
Seniors of '68'

Administration



To the Seniors

Education is the foundation of your future. May you have learned your lessons well. May the future provide you with the happiness you desire.

We are proud of your success with us and will always follow your future.

Mr. Kiester, Senior High Principal

Mr. Bowen, Jr. High Principal

The Class of 68 will be remembered by what it does from here on. It has the possibility of going down in history as one making a great contribution to society, being challenged to program the computers of our times to bring to reality the dreams of our greatest philosophers for greater understanding, peace and harmony. It all depends on each individual in the Class of 1968.

Mr. Norris, Vice-Principal

Remember there is no place as rich in possibilities as your own experience. This experience is buried in your mind ready to be dug out, evaluated and applied to present problems. This is a record of all your mistakes and failures, all your triumphs and achievements.

"69"

Paulette,
I really can't think of anything to write to such a really great person to be around. I will miss you so much next year it won't be funny. Never forget our fun on our short short bus ride. Please never forget me in the coming years.

Love your friend
Nancy Pattis

Paulette,
Do a girl like I had a lot of fun with Don's family and their Great Danes, and having Psychology this year. (Now I'm getting used to it!) But all in all Junior year has been a very interesting one. I've met some great people and learned a lot. Don't forget me!

Love,
Jackie

Paulette,
We had lots
of fun last year
with you in Psychology

"69"

Paulette,
This has been a great
year and one of the
things that made it
great was your friendship
which I will never
forget. Remember all the
delicious sack lunches
you didn't eat. Now that
we are seniors this yr.
will be the best. Have as
good of luck as you
have been having and I
know you will succeed.
Don't be too homesick
for South America.
